Letter of Recommendation

12/8/2014

To Whom It May Concern:

Ref: Jennifer Schmidt

Jennifer is a very talented artist who I have worked with for several years to produce artwork and design ideas for our customer base at Hoffman California Fabrics.

In my experience with Jennifer, I find her to be creative, organized, and efficient. She has the ability to work well with others in either a group setting or on individual projects. All assignments given to her were handled in a timely manner and met all deadline requirements.

Jennifer is proficient with a variety of digital design programs. Her experience as a textile artist gives her an added dimension and understanding for setting up artwork in correct repeats, useable number of colors, and what will and will not work once printed on fabric.

Additionally, she has always been very willing to assist others to further their knowledge of certain computer programs or jump in to help them complete their assignments when needed.

Jennifer's positive, pleasant and easy going personality made it a pleasure to work with her.

Kindest Regards,

Tammy Melott  
Vice-President  
Manufacturing Division  
Hoffman California Fabrics
